**RE: Overdue Progress Report**

Dear Mr. Carkulis:

Article 4 of the successive preliminary permit<sup>1</sup> for the above referenced project requires submittal of a progress report every 12 months. According to our records, the progress report due March 31, 2022, has not been filed.

The failure to timely file a progress report warrants the cancellation of the preliminary permit. This letter constitutes notice under section 5 of the Federal Power Act of the probable cancellation of the preliminary permit no less than 30 days from the date of this letter.

If you have any questions, please contact Michael Tust at (202) 502-6522 or [michael.tust@ferc.gov](mailto:michael.tust@ferc.gov).

Sincerely,

David Turner, Chief  
Northwest Branch  
Division of Hydropower Licensing
